## The Staples School Tools Program

Staples makes Back to School efficient, affordable and easier for parents!

To help make Back to School as easy as possible for parents, Staples offers School Tools—complete school supply kits for students containing supplies that have been selected and approved by your child's teacher, school principal and/or parent-teacher association as primary choices for the year ahead.

The School Tools Program allows you to view and order the upcoming year's required supplies list for your child, as specified by their teacher, and is the most efficient way to ensure that your child has all of the core supplies they need on their first day back.
