

## Sacred Heart School

ANNUAL EDUCATION
RESULTS REPORT
2021-2022

## PRINCIPAL'S MESSAGE MRS. TARA MCBRIDE

We are blessed at Sacred Heart School to provide a Christ-centered and high-quality education focused on the spiritual, academic, emotional, and physical well-being of our students from Wetaskiwin and surrounding areas.

By providing diverse programming in academics, athletics, and the arts Sacred Heart staff make it their mission to ensure students with varied interests can achieve success on their journey of faith and learning.

Faith permeates every aspect of our day. We are all children of God, made in His likeness and it is our hope that our students explore their God-given potential within a safe and caring environment, and use their gifts and talents to glorify Him.

It is important that our families know that this is their school. We value our families and are committed to supporting them in raising their children in the Catholic faith. Thank you for entrusting us with your children. We are truly fortunate to work together to build a faith-filled community where students are encouraged to let their lights shine brightly for all to see.

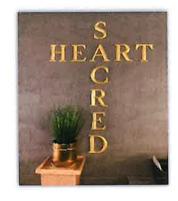

'In the same way, let your light shine before others,

so that they may see your good works and give glory to your Father in heaven.'

Matthew 5:16

Blessings,

Tara McBride

## Sacred Heart School Prayer

Loving Jesus,

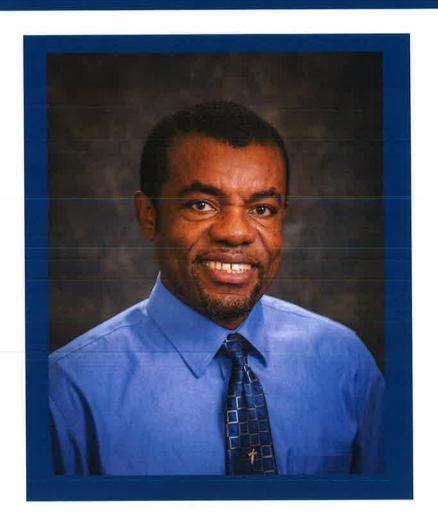

By the Grace of Your Sacred Heart,
Help us to know You, to love You and to
serve You in this life,

So we may live with You in the next.

Amen

## MEET YOUR LOCAL TRUSTEE

## **Henry Effon**

### **Board Chair and Wetaskiwin Trustee**

Henry Effon is originally from Ghana, West Africa, and moved to Canada for new life opportunities. Henry is a social worker and is serving his third term as a trustee. He attended Catholic schools for most of his life prior to moving to Canada. Henry is particularly interested in pragmatic governance and practices that will preserve and support Catholic education for generations to come. One of his many priorities as a trustee is to advocate for children and families in educating the whole person under Canon Law. Henry is married and resides in Wetaskiwin with his family. His three children attended or still attend Sacred Heart School. Henry and his family are members of Sacred Heart Parish, and Henry volunteers in many church and community initiatives.

### Sacred Heart Catholic School

Webpage: https://sh.starcatholic.ab.ca/

Principal: Tara McBride

Phone: 780-352-5533

Fax: 780-352-7042

Grades Served:

ECS-9

Student Population:

561

**Number of Teachers:** 

26

Number of Support Staff: 29

#### **Demographics:**

Sacred Heart School's enrollment has increased in the last year in response to COVID restrictions being lifted. We have seen growth from 516 in 2021-2022 to 561 for the 2022-2023 school year. We again have 2 full-day ECS classes, a Monday/ Wednesday class and a Tuesday/Thursday class, with alternating Fridays, that run from 8:45 am - 3:15 pm. The remainder of the school population is made up of 2 classes of each grade from 1-9, with 3 classes each of grade 3 and 6. English as a Second Language enrollment has remained at approximately 7% and our First Nation, Metis and Inuit enrollment has increased slightly to about 25% of our total enrollment. Of the 25% of our First Nation, Metis and Inuit enrollment, 19% of these students live in Wetaskiwin while 6% come to Sacred Heart from Maskwacis.

#### Sacred Heart - A Catholic School of the Arts:

Sacred Heart School is known for its focus on well-rounded programming immersed in our Catholic identity. In keeping with our mission to allow students to explore their God given gifts, elective and extracurricular programming at Sacred Heart provides a wide array of visual, performing and practical arts opportunities for all students, i.e. in-house music lessons, lunch time dance, choir programs, hockey program and art club. This, in concert with a strong athletic program provided in core, elective and extracurricular time, helps foster all students' talents beyond the basic academic. We are excited to once again offer these programs!

Board Priority/Local Goal: Staff are provided with faith formation opportunities.

**Outcome:** Staff are able to articulate and witness the faith and are able to permeate all school curriculum and activities with Gospel values and a love of Jesus Christ.

#### Faith PD offerings:

- Division Reflection Day: Disciples Through Worship
- Faith Retreat Disciples of the Word: Disciples Through Works.
- What does it mean to be a teacher in a Catholic school?
- Faith Leadership learning sessions at staff meetings throughout the year.
- Mass set-up protocol
- Catholicism 101

Board Priority/Local Goal: Students learn what it means to live in a relationship with Jesus Christ.

Outcome: Students will hear and learn about how adults live their lives guided by faith and the Church.

## 2021-2022 SCHOOL YEAR STRATEGIES

- Monthly celebrations and masses.
- Consistent faith curriculum across grade levels and permeation in all subject areas.
- Rotating weekly classroom visits with Father Roger.
- Opportunities for Adoration in our Chapel.
- Penitential service and reconciliation twice a year offered to all staff and students.
- Faith Retreats for students.
- Youth Ministry program.
- Staff Faith PD with a focus on sharing personal faith journeys; teachers also find opportunities to share their faith journey
  with students in all curricular areas.
- Daily prayer during announcements; teachers continue prayer in their classrooms following announcements.
- Increased social media presence showcasing students and staff living a life guided by faith.

Board Priority/Local Goal: Staff and students witness the gospel.

**Outcome:** Staff and students understand Catholic social teaching and witness the Gospel through acts of Social Justice and Charity.

## 2021-2022 SCHOOL YEAR STRATEGIES

- Opportunities for school-wide involvement in social justice projects: food drives, Sacred Heart Angel Elves
   (SHAE) project collecting items of need for struggling Sacred Heart families, fund raising for various charities.
- Classroom, grade, or division focused social justice projects planned collaboratively: Supporting Senior Care facilities with out
  door decorations (bird feeders) & bookmarks, cards, poems, Pen-pals: Jr. High students built a pen-pal relationship with longterm care residents, students created cards and prayers for the Ukrainian Village in the wake of the Russian invasion into
  Ukraine.
- Through the junior high iMAD (I Make A Difference) elective students have the opportunity to see how their faith can influence others as they explore ways to love and serve God: Pink Shirt Day, Pay it Forward, collaboration with Neighbours Outreach Wetaskiwin (NOW).
- Invite parents to become involved in social justice projects and charitable works, i.e., Blessing Bags collection.
- Continue to update social media with pictures and information throughout the year with a focus on the 5 Marks of an Excel lent Catholic School.

**Board Priority/Local Goal:** Strong home, school, and parish partnerships.

**Outcome:** Relationships and opportunities to collaborate between parish, school, and home exist and strengthen the faith community and the life of the Division.

## 2021-2022 SCHOOL YEAR STRATEGIES

- Daily prayer offered in the staff room each morning. School-wide prayer as part of morning announcements.
- Monthly masses and celebrations at school as well as school visits to the Parish. Staff are encouraged to commit to weekly masses.
- Staff encouraged to access courses through Newman Theological College to grow in their faith.
- School blessing by Father Roger & regular class visits.
- Regular collaboration with the school and parish team regarding school masses.
- Students receive congratulations cards upon receiving sacraments and are acknowledged at an assembly or school mass.
- Catholic Women's League and Knights of Columbus support for the purchase of gr. 4 Bibles; Bible blessing ceremony with Father Roger.
- Regular communication to our school families about happenings at the Parish.

## SOCIAL JUSTICE PROJECTS

- Collection of toques, mittens, socks, toiletries, and school supplies for St. Zita
   Ministry the Catholic Social Services ministry our school has adopted.
- Food Bank collection
- Teddy bear donations for Victim Services
- SHAE Sacred Heart Angel Elves supply food, Christmas stockings, and gifts
   for our school families in need
- "Cupcakes 4 Kindness" an iMAD (I Make A Difference) initiative to support the Good Shepherd Nursing-Home
- Division 1 students made Christmas decorations, bookmarks, holiday poems and bird feeders for Long Term Care and Peace Hills Lodge residence and Sunrise Retirement home.
- Division 1 students prayed and coloured the Rosary for the patients and workers at the hospital

## SCHOOL & PARISH COLLABORATION

- Monthly meetings with the parish team
- Weekly classroom visits from Father Roger to build relationships
- Monthly masses and celebrations with Father Roger
- Catholic Women's League and Knights of Columbus donations to help pay for gr. 4
- Parish involvement in school retreats space, attendance by Father Roger and Deacon
- Staff members assisting in sacramental prep, specifically First Communion and Confirmation.
- Reconciliation at the school with Father Roger.
- Staff involvement in three phases of Christ Life Ministry evangelization program.

## 2021-2022 SCHOOL YEAR STRATEGIES

- Monthly celebrations and masses.
- Consistent faith curriculum across grade levels and permeation in all subject areas.
- Weekly visits with Father Roger.
- Opportunities for Adoration in our Chapel.
- Penitential service and reconciliation twice a year offered to all.
- Faith Professional Development opportunity for staff learning about the Bible Timeline.
- Staff and student faith retreats with Clare Ganton.
- Faith Leadership learning sessions at staff meetings through the vear.
- One Professional Development day each year dedicated to Faith Professional Development.
- Praise and Worship team and Youth Ministry activities.
- Youth Ministry program and Religious Education Committee Full Time Equivalency allotment.

## INSIGHTS, CONCLUSIONS & IMPLICATIONS

#### **INSIGHTS**

Several measures are showing a significant decline, 5 or more points, including: Teachers— "I strengthen my faith through professional development (e.g. Reflection Day, staff retreat, daily prayer, book studies, EXCEL, etc.)", Parents— "Teachers share their own faith experience with students and the role of God in the teacher's life.", Elementary Students— "Teachers speak to me about their own faith and the role of God in their life." and "My school organizes activities to help people who are in need, such as, support a foodbank or collect clothes.", Parent— "My child participates in religious celebrations at the school or church.", Support Staff— "I have the opportunity to participate in religious celebrations, activities or functions at the school or parish."

#### **CONCLUSIONS**

- The data shows that teachers do not feel the current faith Professional Development is strengthening their faith.
- Elementary students are not recognizing when teachers are speaking about their own faith and the role of God in their lives and do not recognize our works of charity and/or social justice.

#### **IMPLICATIONS**

- More consultation with teachers is required to specifically target faith Professional Development to their needs.
- Targeted strategies and explicit opportunities are needed to support the staff in sharing their faith journeys and speaking about God's role in their own lives; teachers should be encouraged to share personal faith stories with parents using their class communication strategy - i.e. class newsletter, email.
- Increased messaging to parents on social media platforms, through our school's messaging system, on our weekly newsletter, and through PowerSchool's Daily Bulletin are needed to increase parent awareness of religious celebrations & masses as well as our charity, good works, and social justice projects.
- Consult with support staff to determine why they feel they do not have the opportunity to participate in religious celebrations, activities or functions at the school or parish.

## DOMAIN 2: STUDENT GROWTH & ACHIEVEMENT

The ministry develops and implements curriculum that enables all students to achieve provincial student learning outcomes and monitors student progress through administering provincial assessments. Student growth and achievement refers to many different aspects including educational programs, academic achievement, student well-being and citizenship to name a few. To help ensure the success of all students, student growth and achievement are measured in the following areas:

## PROVINCIAL ACHIEVEMENT TESTS

Provincial Achievement Tests (PATs) allow students, parents, and teachers to clearly identify areas of strength and areas in need of additional support. PAT exams are measured by the students who achieved the acceptable standard and the percentage of students who achieved the standard of excellence on the exams.

Participation in the Provincial Achievement Tests was impacted by the fires in 2018/19, as well as by the COVID-19 pandemic in 2019/20. Caution should be used when interpreting trends over time.

interpreting terms over time.

Security breaches occurred over the last few days of the 2021/22 PAT administration window. Students most likely impacted by these security breaches have been excluded from the provincial cohort. All students have been included in school and school authority reporting. Caution should be used when interpreting these results.

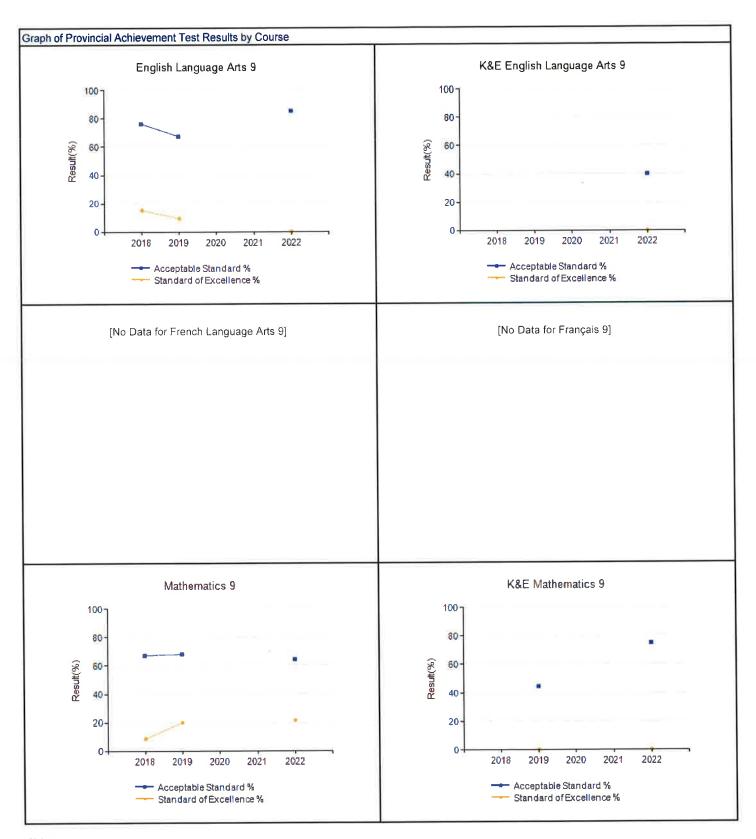

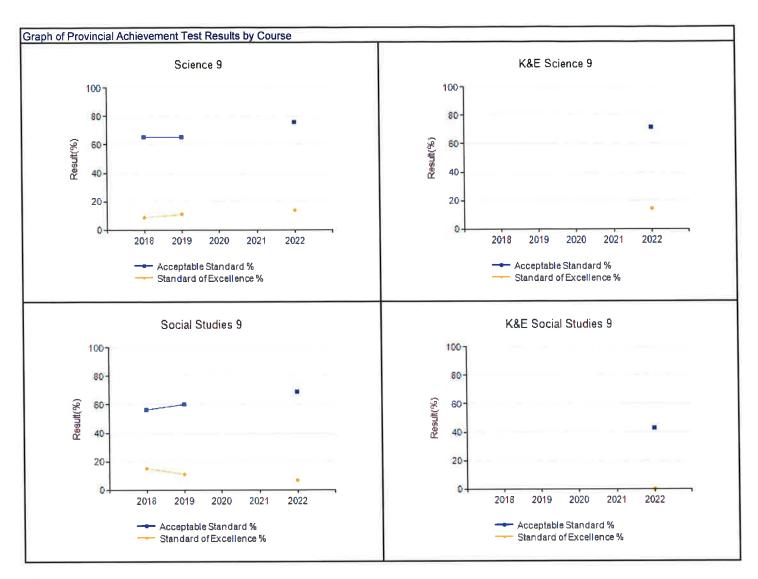

Notes:

Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).

Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*). Achievement Evaluation is not calculated for courses that do not have sufficient data available, either due to too few jurisdictions offering the course or because of changes in tests.

Participation in the Provincial Achievement Tests was impacted by the fires in 2018/19, as well as by the COVID-19 pandemic in 2019/20, 2019/20, 2020/21 and 2021/22 are not included in the rolling 3-year average. Caution should be used when interpreting trends over time.

#### Notes:

- 1. Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).
- 2. Aggregated PAT results are based upon a weighted average of percent meeting standards (Acceptable, Excellence). The weights are the number of students enrolled in each course, Courses included: English Language Arts (Grades 6, 9, 9 KAE), Français (6e et 9e année), French Language Arts (6e et 9e année), Mathematics (Grades 6, 9, 9 KAE), Science (Grades 6, 9, 9 KAE), Social Studies (Grades 6, 9, 9 KAE).
- 3. Participation in the Provincial Achievement Tests was impacted by the fires in 2018/19, as well as by the COVID-19 pandemic in 2019/20 and 2020/21. Caution should be used when interpreting trends over time.
- 4 Security breaches occurred over the last few days of the 2021/22 PAT administration window. Students most likely impacted by these security breaches have been excluded from the provincial cohort. All students have been included in school authority reporting. Caution should be used when interpreting these results.

#### Notes:

- 1. Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).
- 2. Achievement Evaluation is not calculated for courses that do not have sufficient data available, either due to too few jurisdictions offering the course or because of changes in tests.
- Participation in the Provincial Achievement Tests was impacted by the fires in 2018/19, as well as by the COVID-19 pandemic in 2019/20 and 2020/21, 2019/20, 2020/21 and 2021/22 are not included in the rolling 3-year average. Caution should be used when interpreting brends over time.
   Part A, which requires students to complete number-operation questions without using calculators, was added to Mathematics 9 in 2017/18.
- Security breaches occurred over the last few days of the 2021/22 PAT administration window. Students most likely impacted by these security breaches have been excluded from the provincial cohort. All students have been included in school authority reporting. Caution should be used when interpreting

Report Generated: Nov 05, 2022 Locked with Suppression for Fall 2022

Report Version 1.0 Data Corrent as of Aug 24, 2022

#### Notes:

- 1. Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).
- 2. Aggregated PAT results are based upon a weighted average of percent meeting standards (Acceptable, Excellence). The weights are the number of students enrolled in each course. Courses included: English Language Arts (Grades 6, 9, 9 KAE), Français (6e et 9e année), French Language Arts (6e et 9e année), Mathematics (Grades 6, 9, 9 KAE), Science (Grades 6, 9, 9 KAE), Social Studies (Grades 6, 9, 9 KAE).
- 3. Participation in the Provincial Achievement Tests was impacted by the fires in 2018/19, as well as by the COVID-19 pandemic in 2019/20 and 2020/21. Caution should be used when interpreting trends over time.
- 4 Security breaches occurred over the last few days of the 2021/22 PAT administration window. Students most likely impacted by these security breaches have been excluded from the provincial cohort. All students have been included in school and school authority reporting. Caution should be used when interpreting these results.

#### Notes

- 1. Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).
- 2. Achievement Evaluation is not calculated for courses that do not have sufficient data available, either due to too few jurisdictions offering the course or because of changes in tests.
- 3. Participation in the Provincial Achievement Tests was impacted by the fires in 2018/19, as well as by the COVID-19 pandemic in 2019/20 and 2020/21. 2019/20, 2020/21 and 2021/22 are not included in the rolling 3-year average. Caution should be used when interpreting trends over time.
- 4, Part A, which requires students to complete number-operation questions without using calculators, was added to Mathematics 9 in 2017/18.
- 5 Security breaches occurred over the last few days of the 2021/22 PAT administration window. Students most likely impacted by these security breaches have been excluded from the provincial cohort. All students have been included in school and school authority reporting. Caution should be used when interpreting these results.

## 2021-2022 SCHOOL YEAR STRATEGIES

Although there were no Provincial Achievement Tests last year, our staff continue to work hard to ensure that our students are prepared for assessments:

- Dedicated collaboration time with grade and division partners to support diagnostic assessments, programming and interventions, as well as create assignments and assessments which utilize higher level thinking skills.
- SALT (Student Academic Learning Time) period to support research based interventions and progress monitoring for all students as well as reteaching concepts to extend and enhance learning.
- Common formative and summative assessments encouraged.
- Consistent focus school wide on literacy and numeracy.
- Reading recovery and precision reading programs to boost student success.
- Consistent programming school wide with Daily5, Empowering Writers and Balanced Literacy resources.
- Junior high teachers continue to focus on increasing vocabulary knowledge and have implemented a collaborative analysis of test questions to allow for peer teaching of test taking and test reading skills.
- In math, an increased focus on improving automaticity with basic skills.
- In Div. I and II, teachers use Acadience Reading, Fountas & Pinnell and RRST (Reading Readiness Screening Tool) or DRT (Diagnostic Reading Tool) to inform targeted literacy skills groupings.
- In Div. III, SALT is focused on "Directed Learning" to target specific student needs to improve Provincial Achievement Test results
- Accessibility to Learning Commons for junior high students at lunchtime and during SALT.
- Increased focus on project based learning in all grade levels.
- Peer tutoring and mentorship

## INSIGHTS, CONCLUSIONS & IMPLICATIONS

#### **INSIGHTS**

- Grade 6 Provincial Achievement Test results are showing a decline of about 10% in Math, Science, and Social but an 18% increase in Language Arts.
- Grade 9 Provincial Achievement Test results are showing an increase in Language Arts, Science, and Social but a slight decrease in Math. With the exception Knowledge & Employability (KE) Math, we have no previous scores for comparison. However, our KE Math students scored 31% higher than in 2019.
- English as a Second Language (ESL) grade 6 students scored high across all areas; we had no grade 9 ESL students write Provincial Achievement Tests.
- First Nations, Metis and Inuit student results in grade 6 and 9 have lower scores than our non-Indigenous students but are very similar to provincial results.

#### **CONCLUSIONS**

- Daily 5 framework being used in elementary Language Arts classes and the Daily 3 structure implemented in junior high Language Arts classes has been effective in increasing reading comprehension and writing competency.
- Teachers are reporting that it is easier to fill in Language Arts gaps as compared to Math because students are lacking fundamental math skills.
- Acadience (test of basic early literacy skills) results in elementary classes guide teachers in creating intervention groups to address gaps in learning.
- Common formative and summative assessments in Social Studies and Science classes help to guide instruction.
- Access to Jordan's Principle funding to support six grade 9 students over the last two years with 1:1 Educational Assistants resulted in more access to adults during class time for increased support and intervention.
- Small grade 9 class sizes meant all students were well supported and had greater access to the teachers.

#### **IMPLICATIONS**

- Consult with teachers to determine what structure needs to be in place so they are better able to deliver literacy and numeracy interventions using Levelled Literacy Interventions and Mathology; i.e. consistent intervention blocks in primary.
- Consult with Language Arts and Math teachers about the effectiveness of implementing the Daily 3/5 framework to address achievement gaps.

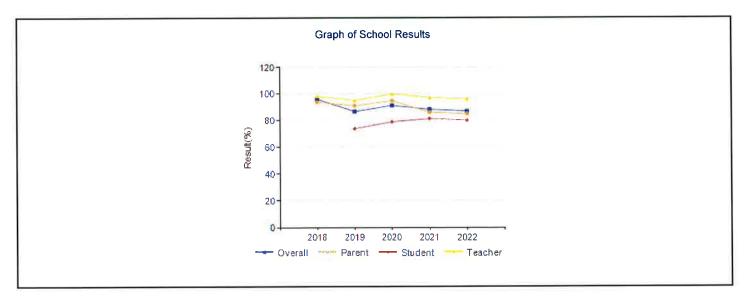

## PROVINCIAL GOAL: CITIZENSHIP

Active citizenship produces motivated and responsible learners and enables students to make a positive contribution to society. This is measured by the percentage of teachers, parents, and students who are satisfied that students model the characteristics of active citizenship.

## CITIZENSHIP - MEASURE DETAILS

Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).

The AEA survey was introduced as a pilot in 2020/21, when participation was also impacted by the COVID-19 pandemic. Caution should be used when interpreting trends

The Citizenship measure was adjusted to reflect the introduction of the new AEA survey measures in 2019/20. Caution should be used when interpreting trends over time.

## 2021-2022 SCHOOL YEAR STRATEGIES

- ilead & iMAD (I Make A Difference) electives in Jr. High promote citizenship and service throughout the school and into the community.
- Students assisting with the (SHAE) Sacred Heart Angel Elves project.
- Students donating time, treasures and talents through social justice projects.
- We Scare Hunger: Jr. High classes partner with Denham Ford to collect food for the local food bank.
- Blessing bags were created by division 2 students to address the needs in our community.

## INSIGHTS, CONCLUSIONS & IMPLICATIONS

#### **INSIGHTS**

- The number of parents and students who responded to the survey decreased from previous years but results on this measure are very similar to previous years. Student results continue to be lower than our parent and teacher results.
- Divisionally, parent results noticeably increased over last year's results. Student and teacher results remained similar.

#### **CONCLUSIONS**

Students continue to need recognition when they are modelling the characteristics of active citizenship.

#### **IMPLICATIONS**

- Continue to consult with students (via a student focus group, focused conversations with targeted grades, or consultation with the student leadership group) as to how we can encourage and support all students to be active citizens.
- We anticipate increased results in this data in the coming years due to more opportunities for students to work together and socialize as a whole school.

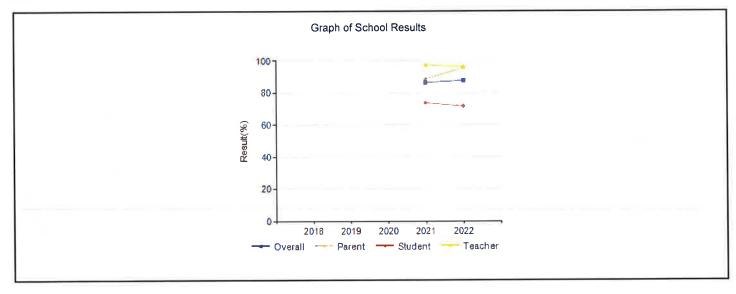

## PROVINCIAL GOAL: STUDENT LEARNING ENGAGEMENT

This is a provincial measure of student engagement in their learning at school.

## STUDENT LEARNING ENGAGEMENT: MEASURE DETAILS

|           |      |     |         |     | Sch       | ool |      |          |      | н        | 10                    |                        |                 | =\'_ |     |      |     | Auth | ority |           | ķ.       |           |          |      | -   |      |     | Prov | ince |                 |          | 1               | I       |

Notes

Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).

The AEA survey was introduced as a pilot in 2020/21, when participation was also impacted by the COVID-19 pandemic. Caution should be used when interpreting trends over time.

## 2021-2022 SCHOOL YEAR STRATEGIES

- Differentiated instruction within the classrooms.
- Teachers use a variety of teaching methods to reach all learners.
- A continued emphasis on connecting learning to the real world, as well as focusing on background knowledge.
- Teachers provide a choice of activities and allow students to have choice in assessment products.
- Teachers incorporate regular movement breaks within their lessons, i.e. Go Noodle.
- Teachers scaffold larger tasks to ensure students are well-supported and have a good understanding of what needs to be done next.
- Teachers are becoming more familiar with and comfortable with using Inquiry based learning and project based learning.

## INSIGHTS, CONCLUSIONS & IMPLICATIONS

#### **INSIGHTS**

- Parent perception of student learning engagement increased in both the school and across the division.
- Student perception of their own engagement in learning at school shows a slight decrease, from 73.7% to 71.8%, however results for students across the division were consistent with last year's results.

#### CONCLUSIONS

There is room for growth and improvement for this measure for all stakeholders. Student engagement has a critical
impact on learning. High levels of engagement are consistent with students who excel academically, connect more
strongly with their peers/teachers, and have a more positive social-emotional well-being.

#### **IMPLICATIONS**

- Because student engagement is so critical to student success, it is important that we consult with all stakeholders to create effective strategies for this measure.
- Teachers will continue to share more strategies and resources to support parents as they help their own children become engaged in and learning curriculum.
- Consultation can occur in targeted focus groups with stakeholders, through exit slips at the end of meetings, through social media posts, Google Forms, and surveys to targeted focus groups.

## DOMAIN 2: STUDENT GROWTH & ACHIEVEMENT

Board Priority/Local Goal: A focus on mental health and well-being.

**Outcome:** When we support student mental health, we support student success. When students are in a state of emotional, behavioural, and social well-being, they are able to enjoy life and deal with its challenges.

## 2021-2022 SCHOOL YEAR STRATEGIES

- Positive relationships with students and high accessibility to staff.
- Active Living at lunchtime for elementary students.
- Life Framework club
- Youth Ministry lunchtime program
- Ongoing Mental Health Literacy Professional Development for staff
- The Third Path Professional Development
- Personal Well Being (PWB) class for Jr. High classes and grades 4, 5, & 6.
- Kids in transition support group
- Mind Up program and stress lessons for Div. II and Worry Woos for Div. I
- Family School Liaison (FSLW) meeting with classroom cohort groups and individuals and connecting with families and community agencies.
- Mental Health Literacy for gr. 6-9.
- RAK: Random Acts of Kindness recognition.
- Social Emotional Literacy lessons in gr. 1-3.

#### INSIGHTS

- On the measure of "I am able to fall asleep at night and stay asleep", our student data is showing an increase of between 4% and 8% and a higher number of elementary students are experiencing less worries about going to school. Elementary and junior high students are feeling more confident in their ability to solve problems/issues at school as compared to the previous year.
- Teacher data is showing a significant decrease in the measure of "I am able to support the social and emotional well-being of my students", from 96% to 86%. There are also declines in the support staff measures of "I am aware of the social and emotional well-being of the students" and "I am aware of the behaviour supports the students I work with require", from 100% to 93% and 96% to 67% respectively.
- On the measure of "I am satisfied with the access to social/emotional supports at school", parent data is showing a significant decrease from 83% to 69%.

### **CONCLUSIONS**

- Addressing mental health issues with whole classes are making an impact, as is the lunchtime programming offered by our Family School Liaison Worker.
- School staff is feeling underprepared, overwhelmed, and under supported to address student emotional and behavioral difficulties.
- Parents are aware of the importance of recognizing and addressing student social and emotional well-being. However, they may be feeling overwhelmed with the need to access additional support outside of the school as much of the struggles children are experiencing require more in-depth support than our Family School Liaison is able to provide.

#### **IMPLICATIONS**

- Students and teachers will be surveyed to determine how best we can address problem-solving, stress reduction, sleep strategies, and exam stress.
- Through conversation and survey, teachers will be consulted regarding the continued scheduling of our Personal Well-Being (PWB) class in grades 4-9 to determine its effectiveness in addressing mental health needs.
- Teachers, in consultation with the Family School Liaison Worker, will continue to survey their students to pinpoint specific mental health needs that students are wanting to address.

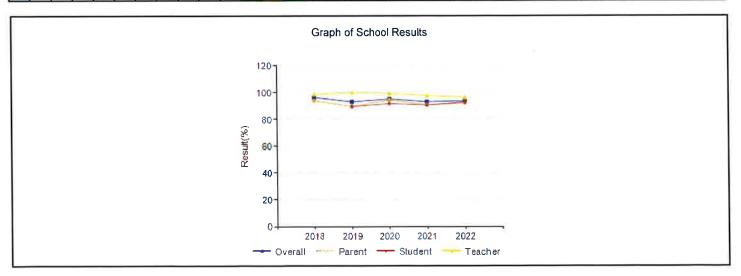

## DOMAIN 3: TEACHING & LEADING

STAR Catholic School Division recognizes that excellence in education for students is largely determined by qualified and committed staff. Our <u>Administrative Procedure on Teacher Growth, Supervision and Evaluation (AP 411)</u> is available for download on our website.

Education Quality is a provincial measure under Teaching and Leading. It is measured by the percentage of teachers, parents, and students who are satisfied with the overall quality of basic education.

## EDUCATION QUALITY: MEASURE DETAILS

Notes:

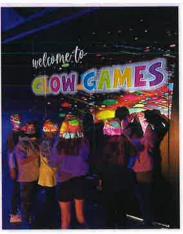

Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).

The AEA survey was introduced as a pilot in 2020/21, when participation was also impacted by the COVID-19 pandemic. Caution should be used when interpreting trends over time.

## 2021-2022 SCHOOL YEAR STRATEGIES

- Well rounded Catholic education focused on academic, athletic and performing arts programming celebrating the dignity of all students.
- Wide assortment of elective courses delivered to classroom cohorts, such as band class, dramatic arts, culinary arts,
   French language, woodshop, beading, art, media, STEM, film studies and outdoor education to support diversity in learners
- Consistent programming across Div. I, Div. II and Div. III in literacy and numeracy. Daily intervention period focused
  on literacy and numeracy specific to each student; groups of students with similar challenges that can be addressed
  strategically by staff.
- Response to Intervention opportunities for junior high students in all grade levels during intervention period.
- Differentiation opportunities for students in all subject areas.
- Learning commons opportunities for Div. II and Div. III students at lunch and in P6 to access interventions and extra time to complete assignments.
- Comprehensive and collaborative process for the identification of students requiring Individual Program Plans, involving parent and student input where appropriate.
- Safe spaces for teaching and learning to occur.
- Learning support services to facilitate relationships between students and school community.

## INSIGHTS, CONCLUSIONS & IMPLICATIONS

#### **INSIGHTS**

On the measure of "Percentage of teachers, parents, and students satisfied with the overall quality of basic education", teachers, parents and students scored similarly to last year, with slight increases in parent and student results—92.1 from 90.8 and 92.8 from 90.6 respectively. Teachers scored slightly lower at 96.3% from 97.8%.

#### **CONCLUSIONS**

 Post-pandemic, Sacred Heart's curricular programming and extracurricular activities have started to return to prepandemic status quo and we are seeing more involvement and engagement from teachers, parents, and students in these activities.

#### **IMPLICATIONS**

 We need to ensure that we are continuing to incorporate the strategies and best practices we've learned to ensure our students' engagement and success and hence student and parent satisfaction.

# DOMAIN 3: TEACHING & LEADING

**Board Priority/Local Goal:** Continue to build and develop staff capacity.

**Outcome**: Staff enhances their expertise through opportunities to build their capacity, at all stages in their career, through mentorship and meaningful professional development opportunities.

## PROFESSIONAL DEVELOPMENT

#### **Faith-based Professional Development**

What does it mean to be a teacher in a Catholic school?

Mass set-up protocol

**Division Reflection Day** 

Catholicism 101

**Prayer Walks** 

#### Mental Health & Well-being Professional Development

Self-harm/self-injury

SEL (Social Emotional Learning)/Executive Functioning

#### Professional Development related to RtI (Response to Intervention)

Classroom Management

Rtl & the Medicine Wheel - Good for one good for all: Indigenous practices to support all learners

Diagnosis-specific PD (Autism, ADHD, etc.)

### Professional Development related to First Nations, Metis, and Inuit

Indigenous activities: beading, ribbon skirt tutorial, Bannock making, Talking Circles, traditional Indigenous games

## Sacred Heart Professional Development Plan 2022-2023

(PD for EAs in GREEN, if different from teachers; Faith PD in BLUE, COLT offerings in YELLOW)

## 2021-2022 SCHOOL YEAR STRATEGIES

- Professional development (PD) days that align with divisional priorities and goals.
- Reflection Day, Faith PD & Staff Retreat: to promote and support staff personal faith journey as well as support faith permeation in all subject areas and school events.
- Mental Health PD: Third Path conditions 6, 7, & 8 to support the social and emotional wellness for all staff and students.
- Continuation of New Curriculum professional development
- Classroom Management professional development sessions by division.
- First Nation, Metis and Inuit professional development: to support our Indigenous students as well as support teachers and the Teacher Quality Standards (TQS).
- Response to Intervention professional development: RtI & the Medicine Wheel Good for one good for all: Indigenous
  practices to support all learners
- Teacher choice in PD: "Choose Your Own Adventure" with sessions provided by staff members and COLT

## INSIGHTS, CONCLUSIONS & IMPLICATIONS

#### **INSIGHTS**

- Our results in all measures of this goal, "Continuing to build and develop staff capacity", have decreased greatly.
- For teachers, on the measure of "I have opportunities for meaningful Professional Development", scores have dropped from 96% to 71%; on the measure of "I have opportunities to access Division and school supports (i.e. Coaches, Directors, Family School Liaison Worker, and Learning Support Facilitators) for Professional Development, scores have dropped from 100% to 79%.
- Support staff scores on these measures have also dropped from 74% to 53% and 91% to 73%, respectively.

#### **CONCLUSIONS**

• These results indicate that our staff is not satisfied with the Professional Development opportunities being offered.

#### **IMPLICATIONS**

- Support staff continue to require specialized Professional Development training to grow in their understanding of student learning needs, engagement, and wellness.
- Continue to survey staff through targeted discussions during Continuous School Improvement meetings (twice yearly) and Professional Learning Communities regarding desired professional development relating to specific assignments, school goals, and division goals.

## DOMAIN 3: TEACHING & LEADING

Board Priority/Local Goal: Foster a culture of collaboration and leadership development.

Outcome: Staff are provided with structured opportunities to collaborate and be involved in leadership.

## **MEASURES**

| Measure Category   | Sacre             | d Heart Sc             | hool                      | STAR Ca           | tholic Sc              | hools                     |

## COLLABORATION & LEADERSHIP

#### Collaborative structures:

- School Leadership Team (SLT) opportunity for all interested teachers. Currently we have representation from each division: several members who have been a part of this team from the beginning as well as a few new teachers.
- Embedded Professional Learning Community (PLC) time (once every 6-day cycle) for all teachers to meet with their grade partner as well as opportunities for EAs to join these meetings.
- Opportunities for teachers to be Designate Principal when the administration are away from school.
- SIT (School Intervention Team)
- Speech Language Pathology (SLP), Occupational Therapy (OT), Learning Support Facilitator (LSF) collaboration meetings.

### Professional Development sessions related to leadership development:

- Faith Professional Development from the Director of Faith Life & Religious Education to support teachers being the faith leaders within the classroom.
- The Third Path programming supports teachers to be leaders in wellness.
- Hosting a student teacher.
- Mentorship PD through the Director of Faith Life & Religious Education.
- Literacy Lead / Numeracy Lead teachers.

- Teachers have common assessments and objectives for the curriculum they are teaching.
- Divisional consistency for procedures and strategies to support student success and behaviour.
- Regular review of Response to Intervention (RtI) strategies used by staff to better support student needs: academically, socially, emotionally and spiritually.
- Div. II Group Problem Solving Process used to support one another.
- Staff set SMART goals for their PLC which are reviewed in the fall by the School Leadership Team (SLT).
- Consistent programming among subject areas. Opportunities will be provided for subject area special-ists to pair and share best practices and curricular strategies especially in literacy and numeracy throughout the year.
- Opportunities for teachers to be involved in the School Leadership
   Team (SLT), Professional Learning Communities (PLCs), School Intervention Team (SIT).
- Monthly staff and div. meetings.
- Outcome tracking curricular spreadsheet to support student transition meetings.

## INSIGHTS, CONCLUSIONS & IMPLICATIONS

#### **INSIGHTS**

Sacred Heart's results in the area of collaboration and leadership development continue to be exceptional at 100%.

#### **CONCLUSIONS**

Our teachers value their collaborative time and their leadership opportunities.

#### **IMPLICATIONS**

 To maintain these exceptional results, we will continue to use focused conversations with teachers during Continuous School Improvement meetings, and Professional Learning Community meetings to consult on strategies to maintain collaborative practices and leadership opportunities.

# DOMAIN 3: TEACHING & LEADING

**Board Priority/Local Goal:** Safe, welcoming, and optimal learning environments for staff and students.

**Outcome**: Staff and students work and learn in safe and optimal environments when capital planning and investment in infrastructure and facilities is appropriate.

- Staff fill out the Occupational Health & Safety (OH&S) classroom checklist each year.
- Staff collaborate with Admin to create the Infrastructure, Maintenance & Renewal (IMR) list each year.
- Staff and students create beautiful and inspirational bulletin boards.
- Welcoming signs throughout the school. School prayer in front office.
- Inspirational messages posted throughout the school.
- Stained glass cross & faith based names of areas of the school. (Faith Permeation)
- Staff greet all students entering the school every morning.
- Indigenous entryway, clubhouse, Treaty 6 flag, Project of the Heart and government apology.
- Faith message on sign outside of school.
- Students volunteer at breaktimes to clean the playground.
- Students help to recycle paper, bottles/cans and cardboard.
- Golden Garbage award for clean and cared for classrooms.
- Plants, greenery, and faith displays throughout the school to share its beauty.

## INSIGHTS, CONCLUSIONS & IMPLICATIONS

#### **INSIGHTS**

- Of note, on the measure of "Our school has the physical facilities to meet the programming needs of students", support staff scores have increased from 83% to 87%. Conversely, on this same measure, only 93% of teachers agree, down from 100% the previous year.
- On the measure of "Our school is clean and well maintained", our support staff results are up 2% from the previous year but our teacher results have decreased from 100% to 93%.
- Our students, on the measure of "I am proud of my school and the way it looks", scored similarly to the previous year.
- 86% of teachers reported that "Our school has the physical facilities to meet the occupational health and safety (OH&S)
  needs of staff and students", compared to 96% the previous year.

#### **CONCLUSIONS**

- Compared to teachers, support staff are more satisfied that they have the physical facilities to meet student programming needs and are happier with the cleanliness and maintenance of the school.
- There is a discrepancy between teacher results versus support staff results.

#### **IMPLICATIONS**

• To address teacher concerns, we will use one on one conversations during Continuous School Improvement meetings, exit slips at staff meetings, and Google Form surveys to delve into specific concerns and requests.

# DOMAIN 4: LEARNING SUPPORTS

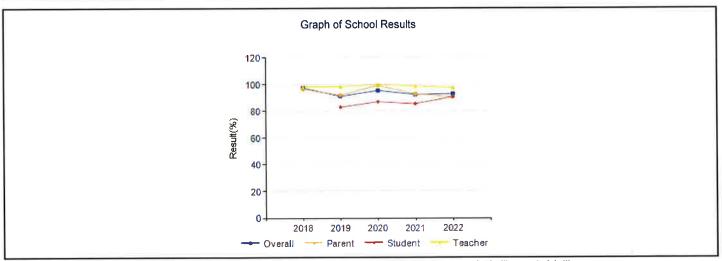

## PROVINCIAL GOAL: SAFE & CARING

**Safe & Caring:** This is measured provincially by the percentage of teachers, parents, and students agreement that students are safe at school, are learning the importance of caring for others, are learning respect for others and are treated fairly in school.

STAR Catholic School Division continually provides welcoming, caring, respectful and safe learning environments that respect diversity and fosters a sense of belonging.

## SAFE & CARING - MEASURE DETAILS

Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).

The AEA survey was introduced as a pilot in 2020/21, when participation was also impacted by the COVID-19 pandemic. Caution should be used when interpreting trends over time.

- Social/Emotional programming in the classrooms.
- Student mentorship elective in junior high.
- Lunch programs; Chess Club, Buddy Up, Awesome Blossoms, Beaded Journeys groups.
- Inclusive classrooms.
- Service Projects through junior high electives.
- Mental Health/Trauma PD for staff and students.
- Assistance from outside agencies for students and families as necessary.
- Response to Intervention programming.
- School Intervention team to ensure students' needs are addressed.
- Safety patrol
- Faith permeation throughout subjects and school activities.
- School-wide Kindness Challenges and recognition.
- Youth Ministry: Fostering a sense of belonging for our students.
- Peer Helpers: student leadership and support for peers.
- Increase positive phone calls home celebrating students.
- Students greeted at the doors each morning and at their classroom doors in between periods.
- Restorative Justice and/or Talking Circles for discipline and student support.

#### **INSIGHTS**

Student data for this measure has increased from 85.6% to 90.8%. Parent and teacher data decreased slightly.

#### **CONCLUSIONS**

- Our staff works hard to create safe classrooms and spaces for the students. It appears as though The Third Path framework and training is supporting our students' needs.
- Parents and teachers are employing higher levels of scrutiny post-COVID and parent engagement in school has increased from previous years.

- Increase consultation opportunities for all stakeholders through focused discussions with targeted groups and/or surveys to ensure that we are addressing concerns.
- Continue to support our students by providing safe, caring, welcoming and respectful environments.

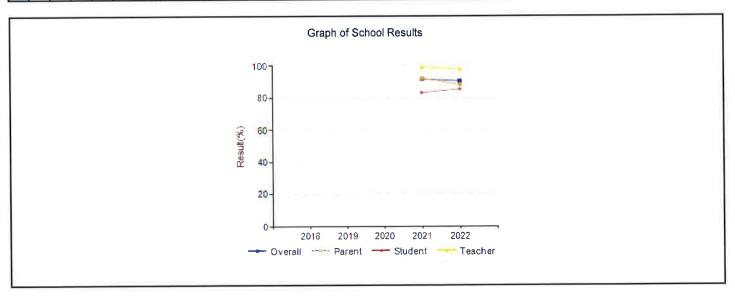

## PROVINCIAL GOAL: WELCOMING, CARING, RESPECT-FUL AND SAFE LEARNING ENVIRONMENTS (WCRSLE)

**Welcoming, Caring, Respectful & Safe Learning Environments (WCRSLE):** A provincial measure assessing the percentage of teachers, parents and students who agree that their learning environments are welcoming, caring, respectful and safe.

## WELCOMING, CARING, RESPECTFUL & SAFE LEARN-ING ENVIRONMENTS (WCRSLE) MEASURE DETAILS:

#### Notes:

Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).

The AEA survey was introduced as a pilot in 2020/21, when participation was also impacted by the COVID-19 pandemic. Caution should be used when interpreting trends over time.

Learning environments are welcoming, caring, respectful and safe.

- Beautiful and inspirational bulletin boards and displays.
- Welcoming and inspirational messages posted throughout the school.
- Stained glass cross at the end of the center hallway "The Way", to proclaim our faith.
- Plants and greenery in The Way, nurtured with sunlight through the glass roof.
- Door greeters for students entering in the morning.
- Guests are welcomed at the office.
- Individual support plans for those students who need them.
- Restorative Justice and Talking Circles for discipline and support.

#### **INSIGHTS**

In this measure, our results for parents and teachers decreased by 3.9% and 1.4% respectively. Results increased for students by 2.1%. Compared to the division, our results for parents and teachers are lower but student results are higher than the division. We are higher on this measure than the province.

### CONCLUSIONS

- Overall, our results are very similar to last year's results.
- Students recognize that the school is a welcoming, caring, respectful, and safe environment.
- Our current structures and processes for ensuring a safe and welcoming environment need to be reviewed and updated.

- Consult with teachers, parents, and students through focused conversations with targeted groups (i.e. student leader-ship) and feedback surveys to explore strategies for maintaining a welcoming, caring, respectful, and safe environment.
- More data must be collected, specifically from students, to design and enact change for improvement.

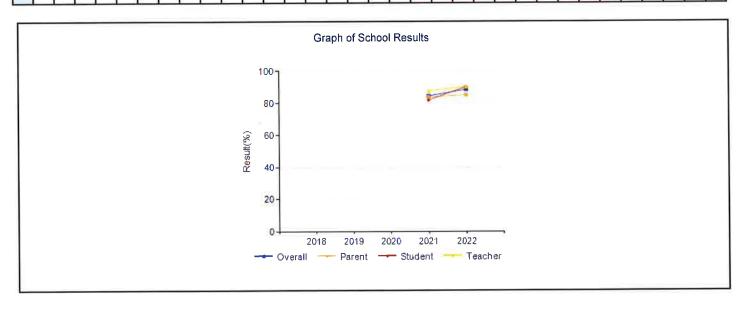

## PROVINCIAL GOAL: ACCESS TO SUPPORT & SERVICES

Access to Supports & Services: A provincial measure assessing that appropriate supports and services for students are available and can be accessed in a timely manner.

## **ACCESS TO SUPPORTS & SERVICES MEASURE DETAILS:**

Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*). The AEA survey was introduced as a pilot in 2020/21, when participation was also impacted by the COVID-19 pandemic. Caution should be used when interpreting trends

- Access to Family School Liaison Worker (FSLW) through appointments and/or referrals. The FSLW will also direct students and parents to appropriate supports in the community as needed.
- Access to academic testing through referral to the Learning Support Facilitator (LSF).
- Students have access to Speech and Language services and Occupational Therapy services within our division on a referral basis. Students can also be referred for Psychoeducational Assessments through the division's Student Learning Services.
- When needed, further Speech and Occupational Therapy supports are accessible through Alberta Health Services or contracted through community programs.
- Our students also have access to Blind Low Vision supports and Deaf and Hard of Hearing supports through LSF referrals.

## INSIGHTS, CONCLUSIONS & IMPLICATIONS

#### **INSIGHTS**

 Overall, our results for parents, students, and teachers on this measure have increased; most significantly the student data shows an 8.3% increase. Our results are very similar to the district's results, but are much higher than the province's results.

#### **CONCLUSIONS**

- Our school is doing well on this measure and should continue with programming in place.
- Student support is accessed through the Learning Support Facilitator and the Family School Liaison Worker, who are able to provide wrap-around services through the district Specialized Learning Support team as required.
- The Family School Liaison Worker is able to provide direction to students and their families for community resources and services.

- Sacred Heart School's Intervention Team will continue to use targeted conversations with teachers and support staff
  to ensure they are providing students with the required services through the school, division, and community agencies.
- The School Leadership Team (SLT) will survey students to continue to look for ways to create access for students to
  programming supports and services.

# DOMAIN 4: LEARNING SUPPORTS

Board Priority/Local Goal: First Nation, Métis and Inuit students are successful.

Outcome: More First Nation, Métis and Inuit students meet or exceed performance measures.

#### Notes:

- 1. Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).
- Caution should be used when interpreting high school completion rate results over time, as participation in the 2019/20 and 2020/21 Diploma Exams was impacted by the COVID-19 pandemic, In the absence of Diploma Exams, achievement level of diploma courses were determined solely by school-awarded marks.
- Participation in the Provincial Achievement Tests and Diploma Exams was impacted by the fires in 2018/19, as well as by the COVID-19 pandemic in 2019/20, 2020/21 and the January 2022
  Diploma Exam administration. 2019/20, 2020/21 and 2021/22 are not included in the rolling 3-year average. Caution should be used when interpreting trends over time.
- Aggregated PAT results are based upon a weighted average of percent meeting standards (Acceptable, Excellence). The weights are the number of students enrolled in each course. Courses included: English Language Arts (Grades 6, 9, 9 KAE), Français (6e et 9e année), French Language Arts (6e et 9e année), Mathematics (Grades 6, 9, 9 KAE), Science (Grades 6, 9, 9 KAE).
   Social Studies (Grades 6, 9, 9 KAE).
- Security breaches occurred over the last few days of the 2021/22 PAT administration window. Students most likely impacted by these security breaches have been excluded from the provincial cohort. All students have been included in school and school authority reporting. Caution should be used when interpreting these results.
- Aggregated Diploma results are a weighted average of percent meeting standards (Acceptable, Excellence) on Diploma Examinations. The weights are the number of students writing the
  Diploma Exam for each course. Courses included: English Language Arts 30-1, English Language Arts 30-2, French Language Arts 30-1, Français 30-1, Mathematics 30-1, Mathematics 30-2,
  Chemistry 30, Physics 30, Biology 30, Science 30, Social Studies 30-1, Social Studies 30-2.

- Jordan's Principle application for additional staff to support academic success.
- Dedicated teacher and support staff to work on building relationships with community as well as supporting our students with relationships and interventions.
- Indigenous clubhouse created as a safe and welcoming space.
- Infusion of First Nation, Metis and Inuit cultural knowledge and understandings in all curricular areas.
- Indigenous Student Leadership team and Beaded Journeys group.
- Opportunity for our Indigenous Student Leadership Team to attend the yearly Resiliency Summit.
   Partner with MESC and Maskwacis Cultural College for supports and resources.
- Orange Shirt Day: September 29th; Red Shirt Day (MMIW): May 5th
- Dedicated professional development for staff focused on First Nation, Metis and Inuit awareness.

## INSIGHTS, CONCLUSIONS & IMPLICATIONS

#### **INSIGHTS**

- Teacher results are 5% higher than the previous year's results on the measure of "First Nations, Metis, and Inuit Elders/knowledge keepers, cultural advisors or community members are invited into our school", and are 19% higher than the division on this same measure.
- On the measure of "Our school enhances understanding of First Nations, Metis, and Inuit worldviews, cultural beliefs, languages, and values", the support staff results are 4% lower than the previous year's result, and are 6% lower than the division.

### **CONCLUSIONS**

- Compared to support staff, teachers are more personally engaged in making First Nations, Metis, and Inuit curricular connections
- Sacred Heart was fortunate to have an Indigenous staff member supporting with delivering Indigenous content in many classrooms
- Support staff are present for less First Nations, Metis, and Inuit content Professional Development than teachers.

- Specific strategies are needed to support our Indigenous students and to enhance learning and build capacity for all students in the area of understanding Indigenous history, cultures, and traditions.
- Continued consultation through focused conversations with our staff and students is needed to devise increased opportunities for enhancing awareness and understanding of Indigenous history, cultures, and traditions.
- We need to collect more feedback, specific to Indigenous education at Sacred Heart via surveys, from our parents at our Indigenous Education Open Houses throughout the year.

# DOMAIN 4: LEARNING SUPPORTS

**Board Priority/Local Goal:** A focus on students with learning challenges.

Outcome: A high functioning Response to Intervention model will help identify and support all students.

- Response to Intervention: tier I best practices and tiers 2 & 3 targeted support in the areas of literacy and numeracy (small group and/or one-to-one).
- Inclusive classrooms with differentiated curriculum. Use of assisted technology for targeted students.
- Learning Support Facilitator (LSF), Family School Liaison Worker (FSLW), and the Sacred Heart Intervention Team (SIT)
- Learning Commons access for Jr. High students.
- Breakout rooms for students who require them: Seuss room, Indigenous clubhouse, sensory room, regulation/"Chill Out"
   room.
- Student Academic Learning Time (SALT) in period 5 to support literacy and numeracy in all grades.
- Additional literacy and numeracy support programs: Levelled Literacy Intervention, Mathology, Reading Recovery, Precision Reading, Eagle Eyes, etc.
- Professional Learning Community (PLC) time for staff to collaborate about interventions, progress monitoring and assessment.
- Learning Support/Mental Health google classroom with Professional Development and resources for staff to access.

## INSIGHTS, CONCLUSIONS & IMPLICATIONS

#### **INSIGHTS**

Results from staff and elementary teachers on this outcome have remained consistently high. However, on the measure of "Our school has access to the resources necessary to support students and their families social and emotional well-being", the teacher score significantly decreased from 96% to 71%. Elementary students scored 7% lower than last year on the measure of "In my classroom, I am allowed to learn in different ways". Parents scored 5-6% lower than previous years on the measures of "My child has the opportunity to reach his or her academic potential" and "My child receives the support he/she needs to be successful in school". The majority of our results are higher than the district's.

#### CONCLUSIONS

- Collaboration through Professional Learning Communities is valuable to teachers for ensuring all students have appropriate programming.
- Students receive assistance and support when asked for or required.
- Elementary students feel they are not given choice in the way they are learning, i.e. group work, individually, with technology.

- Our School Intervention Team alongside the teachers provides the framework for building comprehensive service delivery.
- The Response to Intervention model will be refined as we continue to seek feedback through surveys, focused conversations, the weekly school newsletter, and social media platforms from teachers, students, and parents regarding supports and services within our school.

## DOMAIN 5: GOVERNANCE

## PROVINCIAL GOAL: PARENTAL INVOLVEMENT

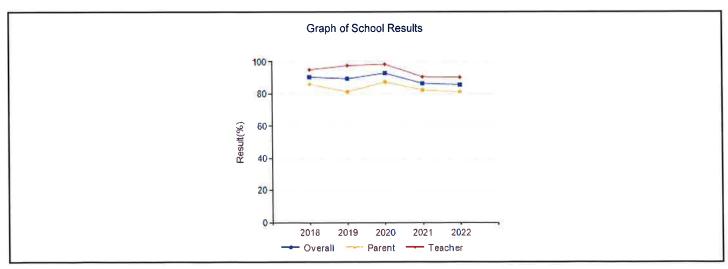

Parental involvement and engagement leads to student success, and are high priorities for STAR Catholic.

Feedback from parents, as well as administrators, staff, students, and clergy, is gathered through means such as surveys, consultation events and face-to-face meetings.

Provincially, this is measured by teacher and parent satisfaction with parental involvement in decisions about their child's education.

## PARENTAL INVOLVEMENT - MEASURE DETAILS

Notes:

Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).

The AEA survey was introduced as a pilot in 2020/21, when participation was also impacted by the COVID-19 pandemic. Caution should be used when interpreting trends over time.

- Weekly "Monday Message" with important dates and information for parents.
- Teachers contact parents with good news and concerns.
- Parent Teacher Interview evenings.
- Monthly school council meetings; parents have the opportunity to collaborate, consult and advise on school direction.
- Standing invitation for parents and community to join our masses and celebrations, virtually.
- Agenda used in elementary to communicate with families.
- Email, PowerSchool, and Google Classroom used to communicate with Jr. High parents.
- Night of the Titans Awards and open house evening.
- Increase social media presence.
- Coaching staff will trial TeamSnap for their sports teams to ensure parents and athletes have up-to-date information regarding practices and games.

## INSIGHTS, CONCLUSIONS & IMPLICATIONS

#### **INSIGHTS**

This year's results regarding parental involvement are similar to last year's for both parents and teachers
and are showing both groups are satisfied with parental involvement in decisions about their child's education.

#### **CONCLUSIONS**

Post pandemic, parents are becoming more involved in school activities (i.e. attending School Council
meetings, volunteering in a variety of capacities) but there is still much work to do to return to prepandemic standards.

### **IMPLICATIONS**

Looking forward, we will continue to consult with our parents and teachers through conversations, social
media posts, and surveys with focus groups (i.e. School Council), to determine manageable, collaborative,
and creative ways of increasing parental involvement in the school.

Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*)

Caution should be used when interpreting high school completion rate results over time, as participation in the 2019/20 and 2020/21 Diploma Exams was impacted by the

COVID-19 pandemic. In the absence of Diploma Exams, achievement level of diploma courses were determined solely by school-awarded marks.

Participation in the Provincial Achievement Tests and Diploma Exams was impacted by the fires in 2018/19, as well as by the COVID-19 pandemic in 2019/20, 2020/21 and the January 2022 Diploma Exam administration. 2019/20, 2020/21 and 2021/22 are not included in the rolling 3-year average. Caution should be used when interpreting trends over time.

Aggregated PAT results are based upon a weighted average of percent meeting standards (Acceptable, Excellence). The weights are the number of students enrolled in each course. Courses included: English Language Arts (Grades 6, 9, 9 KAE), Français (6e et 9e année), French Language Arts (6e et 9e année), Mathematics (Grades 6, 9, 9 KAE), Science (Grades 6, 9, 9 KAE)

Security breaches occurred over the last few days of the 2021/22 PAT administration window. Students most likely impacted by these security breaches have been excluded from the provincial cohort. All students have been included in school and school authority reporting. Caution should be used when interpreting these results. Aggregated Diploma results are a weighted average of percent meeting standards (Acceptable, Excellence) on Diploma Examinations. The weights are the number of

students writing the Diploma Examination for each course. Courses included: English Language Arts 30-1, English Language Arts 30-2, French Language Arts 30-1, Français 30-1, Mathematics 30-1, Mathematics 30-2, Chemistry 30, Physics 30, Biology 30, Science 30, Social Studies 30-1, Social Studies 30-2.
